

A CHOICE FOR THE FUTURE

The Global 102 is a medium capacity Reverse Vending Machine (RVM) for one-way beverage containers. Integrated storage bins result in a minimum foot print. The Global family can be configured to meet a variety of capacity needs, and both standalone and wall mounted configurations are available.

REPANT GLOBAL 102

The RVM receives and detects PET and can containers. PET bottles and cans are compacted. The RVM can be configured to sort up to four different fractions, where of two fractions have to be compacted. The Global 102 stores beverage containers in two half Euro pallet storage bins. The RVM can be configured in stand-alone or wall mount version.

REPANT GLOBAL 102

PERFORMANCE AND FUNCTIONALITY:

Container feeding:	Horizontal feeding. One opening for all containers
Registration/feeding rate:	20 - 30 units per minutes
Container types:	Cans, one way PET bottles
Container size:	0,15 - 3 liter
RVM database:	8.000 container types
Barcode:	Horizontal barcodes. Optional crossscanning barcode reader
Safety mark reader:	Optional integrated reader

STORAGE CAPACITY

One-way PET bottles:	2 x 650 bottles
Cans	2x 1750 cans

ELECTRICAL POWER

Power supply:	230V/400V/16A
Power consumption stand-by:	75 W
Peak power consumption:	1100 W

DIMENSIONS

Depth:	950 (1025) mm
Width:	1450 mm
Height:	1810 mm*

*1990 mm including alarm lamp

Environment:

Temperature range:	10 - 35 °C
Relative humidity:	>90%, non-condensing

PRINTER:

Graphic thermo printer for text, images and barcodes.

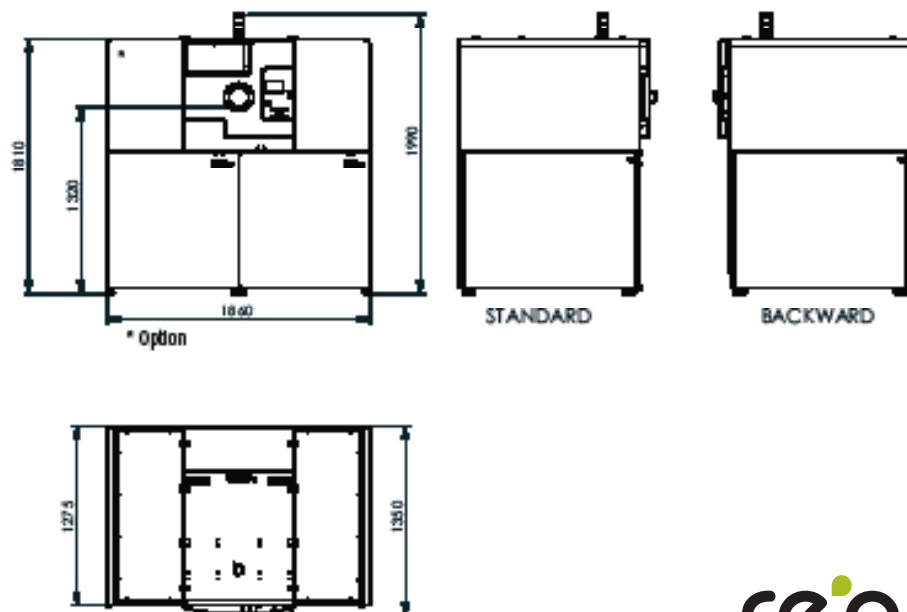

SAFETY AND APPROVALS:

CE marked. DPG-registered.

DISPLAY:

Temperature compensated graphic LCD display. Back light for easy reading.

Specification subject to change without notice.
